Zoning Change Request Process

Applicant submits full legal description of the property to the City Planning Department

City Engineering department produces a 300' map based on the applicant submitted legal description

City provides applicant the 300' map to give to an abstractor of their choosing

Abstractor provides applicant the names/addresses of those property owners within the 300' map

Applicant submits:

- Completed and signed application
- If applicant is a company or something other than a personal owner, information showing who is able to sign a binding document for the company or group is required
- \$300 fee
- Abstractor's certificate with list of property owners within 300'
- Consent statement, if necessary

Planning Department posts property and advertises public hearing 10 days prior to hearing
